

CARNET DE MON VOYAGE EN AUSTRALIE D AVRIL 2020

NOHAN LE BRECH

Since my arrival two weeks ago

in australia I have done a lot of things : i have been to the Great Barrier Reef.

Then i did scuba-diving and snorkeling.

And i went to visit the great ocean road Then the paradisiacal beaches .

They are more beautiful than in France.

To finish I have been to Sydney Opera House.

But I still have to visit the national park of Kakadu and the blues national park with its vertiginous cliff.

As well as the canyons and its waterfall and the magnificent kangaroo park. I have never seen

tasmania and its tropical forest.
