

MY TRAVEL IN AUSTRALIA

Today is the second week of spring and I am right now in Australia. I went to Tasmania where you can hike and you can observe tasmanian devil, this the cutest animal. I have already been swimming in the Great Barrier Reef where I could observe very colourful fish. I have made pictures of pretty scenery in the Blue Mountains and koalas. I am lost in Sydney because this is the biggest city. I haven't been surfing and rock climbing yet. It's hot everyday in Australia !
