

Australia is really an amazing country !

I'm here since only one week, I have done half of my trip, but I love so much everything.

I went at Northern territory, I have seen several hot air balloons, I have observed crocodiles (they're a little dangerous so I have only seen them from afar).

Next, I went at South Australia, in crossing the desert, I did canoeing with friend, I met her there.

I took a boat to go to Tasmania: I have obviously seen Tasmania devils and beautiful waterfalls.

Today I went to the beach, people say : " it's the most beautiful beach of Australia ".

Tomorrow I am going to New South Wales next to Victoria, I will finish my trip in Sydney.

I hope I will see beautiful things !

I think that next time, I will stay longer this time and I will go to Western Australia.
