

Today I have decided to tell about my trip.

I have spent 2 weeks in Australia and I have already made and visited many things.

I have visited the south coast of Australia.

First, I went to Perth where I stayed four days.

I have ridden a camel and I have made snorkling. It was great !

I have seen colourful fish. It was beautiful

After I took a boat and I went to Tasmania in the city Hobart where I went camping close to waterfall.

The day after I went to Adelaide where I have done rafting and I have seen kangaroos.

It was so cute!

After I went to Melbourne where I observed platypus but I also took a lot of rest.

Tomorrow I am going to go to Canberra.

I would like to go rock climbing the blue Moutains and visit the Opera House !

I did not take the time to:

- ride a bike and go rock climbing in Perth.
- ski in Victoria but there was no snow.
- Observe whales in Tasmania.

I am going to continue my trip inside West in Australia !
